<p><b>6</b>  Go for a drive or have a picnic outdoors. Enjoy the fall colors!</p>	<p><b>7</b> Google "leaf rubbings" for fun ideas that bring fall beauty indoors.</p>	<p><b>8</b> Why do leaves change color in the fall?</p> <p></p> <p></p>	<p><b>9</b> <b>10</b> <b>11</b> <b>12</b></p> <p>Most of the spectacular colors have actually been in the leaves all summer! They were "covered up" by the dominant green of chlorophyll, which produces food for the tree. As weather cools, and the leaves get less sun, chlorophyll begins to break down, and then we get to see the color that was "hiding" in the leaves all along!</p>			
<p><b>13</b> Rake leaves and then jump in the pile together!</p>	<p><b>14</b> </p>	<p><b>15</b> Thank you for: checking your child's folder every day and returning any paper-work!</p>	<p><b>16</b> Read aloud every day. It's the perfect way to snuggle and build a strong attachment with your child.</p>	<p><b>17</b> CPP Council Meeting 11:30-12:30</p>	<p><b>18</b> Our District uses "Standard Response Protocol" for crisis procedures. Learn more at <a href="http://Iloveguys.com">Iloveguys.com</a></p>	<p><b>19</b> </p>
<p><b>20</b> When adults or teens want to watch violent movies, plan a separate, fun activity for the children.</p>	<p><b>21</b> Marsh Improvement Team Meets today! 11:15-12:15.</p>	<p><b>22</b> Moving? Changing Phone numbers? Be sure to update your information with our office!</p> <p></p>	<p><b>23</b> Too much candy can produce meltdowns! Slow the impact by offering protein with the treats.</p>	<p><b>24</b> Talk about the choices book and movie characters make. "What do you think she should do?"</p>	<p><b>25</b> <b>26</b></p> <p>Marsh is a place of innocence for young children. Please choose costumes that are imaginative and playful (not scary) for school.</p>
